

# EDUCATION FUND DRIVE 2023 Goal: \$14,000 USD

Empowering Education, Building Bright Futures

Just like Pattaya Orphanage, we believe every child deserves a chance to dream and achieve greatness. Countless success stories where children who had faced adversity and uncertainty have blossomed into accomplished individuals due to the power of education.

Your contribution matters and every dollar bring us closer to provide these deserving children with the education they need to thrive. By contributing to Pattaya Orphanage Education Fund, you are directly impacting the lives of these inspiring young individuals.

Your generous donations would help Pattaya Orphanage provide quality education and to ensure the children under their care have the tools and knowledge to succeed.

**Boom** was about 3 ½ years old when his mother left him with the babysitter and did not return for him. The babysitter took care of him until she no longer could and brought him to the orphanage. Boom was 4 years old by then.

**Boom** is now 17 and he is on his 2<sup>nd</sup> year vocational training at Technical College at Nakhon Phanom province. He has two more years to complete the training before going for higher vocational training or to university.

**Trinetr** was 4 days old when her parents separated. She was left with her father who could not raise her on his own and he has no support.

**Trinetr** is now 18 and she is a freshman at the Institute of Physical Education Chonburi. She is with Thai National Hockey Team since 2020. Before COVID, she had competed abroad indoor & outdoor field hockey. Her latest trip was to Poland for practice and for competition with European teams. She wishes to continue playing with the national team even after her completion of university.

In 2022, tuition cost was approx. \$105,430 for 55 students (preschoolers to undergraduate levels).

Thank you for being a beacon of hope and investing in their future.
